

Hate incident reporting and awareness - including disability hate and mate crime

In the training you will learn about the definitions of a hate incident and explore the effects of racist, religious, homophobic, transphobic and disability hate incidents in Sunderland.

We will look at the barriers to reporting incidents and the reasons behind the development of the ARCH system in Sunderland. We will look at the referral processes between ARCH and safeguarding and help you to identify 'mate crime'. We will also identify positive ways to support victims and witnesses of hate incidents
