

Level 2 Responsible Person

This half day multi-agency training is specifically for those people identified as Responsible Persons within the City of Sunderland's Adults Procedural Framework.

A Responsible Person is the person who receives and considers concerns passed to them by the Alerter.

Responsible Persons are usually, therefore, operating in a supervisory capacity, often as manager's, assistant managers or other such senior roles within services or agencies.

Clarity regarding the appropriateness of this course for you should be sought from your line manager, Individual Agency Guidance within the Procedural Framework or from the Safeguarding Adults Team.
